Dear Doctor:

Thank you for considering referring your patient to us. We pledge to provide effective, and timely treatment for YOUR patients and to treat them with the professionalism, integrity and courteousness they deserve.

Our clinic is conveniently located off I-275 in Eastgate and is supported by highly knowledgeable and experienced staff.

If your patient is suffering from severe back pain, neck pain, sciatica or spinal stenosis and surgery or medication is not an option, Dr. Lonergan's non-surgical treatment program may provide a safe and effective alternative.

Each of your patients is entitled a free preliminary consultation at which time treatment options will be outlined. Our referral coordinator will also assist your patient with insurance questions. We will provide your office with a timely and complete assessment of your patient's progress and outcomes.

We offer a comprehensive wellness program to all our patients designed to treat the following conditions;

- Arthritis
- Carpal Tunnel Syndrome
- Cervicobrachial Syndrome
- Cervicogenic Headache
- Compression of Spinal Nerve Root
- Facet Syndrome
- Intervertebral Disc Disorder
- Myelopathy
- Neuritis or radiculitis
- Paresthesia
- Postlaminectomy Syndrome
- Scoliosis
- Spinal Stenosis
- Spondylolisthesis
- Spondylosis

Please find enclosed more information on our services, current contact and other information designed to make communication with our office easier for you and your staff.

We look forward to being part of your patient's healthcare "team".

Respectfully

Dr. Thomas J. Lonergan, B. Sc., D.C.
